Family Office & Investment Strategy

Najak Investments is structured around long-term capital preservation, disciplined growth, and strategic participation in sectors shaping the future global economy.

ENERGY & RESOURCES

Oil and gas, renewable energy, hybrid power systems, and sustainable resource management driving next-generation energy solutions.

REAL ESTATE

Strategic real estate acquisition, management, development, and infrastructure-oriented investment across global markets.

HEALTHCARE & BIOTECH

Healthcare-focused investments in advanced diagnostics, intelligent treatment models, and transformative biotech ventures.

AEROSPACE & DEFENCE

Core strategic sectors with long-term investment in aviation, advanced robotics, AI-driven systems, and security technologies.

AI & TECHNOLOGY

Artificial intelligence, automation, robotics, commercial drones, and innovation-focused digital ventures driving industry transformation.

MINING & AGRICULTURE

Sustainable mining operations, fertilizer production, agricultural innovation, and critical resource exploration worldwide.

Advisory & Services

Najak Investments is a trusted advisory partner for family offices, specializing in transformative investments, innovation, and strategic growth across generations.

WEALTH MANAGEMENT

Comprehensive family office wealth management with personalized strategies designed to grow and evolve with each client.

INVESTMENT CONSULTATION

Expert investment guidance across insurance, mining, real estate, aerospace, AI, agriculture, healthcare, and logistics.

STARTUP FUNDING

Funding high-potential startups at Series B and beyond, advancing innovation in technology, sustainability, and growth sectors.

REAL ESTATE ADVISORY

Acquisition, management, strategic disposition, development, and investment opportunity structuring.

TECHNOLOGY & INNOVATION

AI, automation, robotics, commercial drones, renewable energy, and innovation-focused investment ventures.

GLOBAL INVESTMENT EXPERTISE

International markets, global growth opportunities, currency exposure mitigation, and cross-border transactions.

DEFENCE & AEROSPACE

Advanced robotics, AI-driven systems, dual-use technologies, space exploration, and security operations.

PORTFOLIO MANAGEMENT

Monitor portfolio progress with intuitive tools, ongoing strategy refinement, and expert oversight for optimal performance.

Our Investments

Building a legacy of growth and innovation through strategic investments across high-impact industries.

REAL ESTATE

Strategic real estate investment, acquisition, development, and management across global markets with asset-backed growth.

SHIPPING & LOGISTICS

Global shipping operations, air cargo, land transportation, customs coordination, and time-critical supply chain solutions.

AI AUTOMATION

Intelligent, end-to-end automation solutions integrating advanced AI control systems, IoT connectivity, and monitoring.

FERTILIZERS & AGRICULTURE

Production, sourcing, and distribution of essential nutrient solutions supporting soil health and agricultural productivity.

HUMANOID ROBOTICS

Advanced humanoid robotic solutions supporting automation, security, and next-generation operational capabilities.

COMMERCIAL DRONES

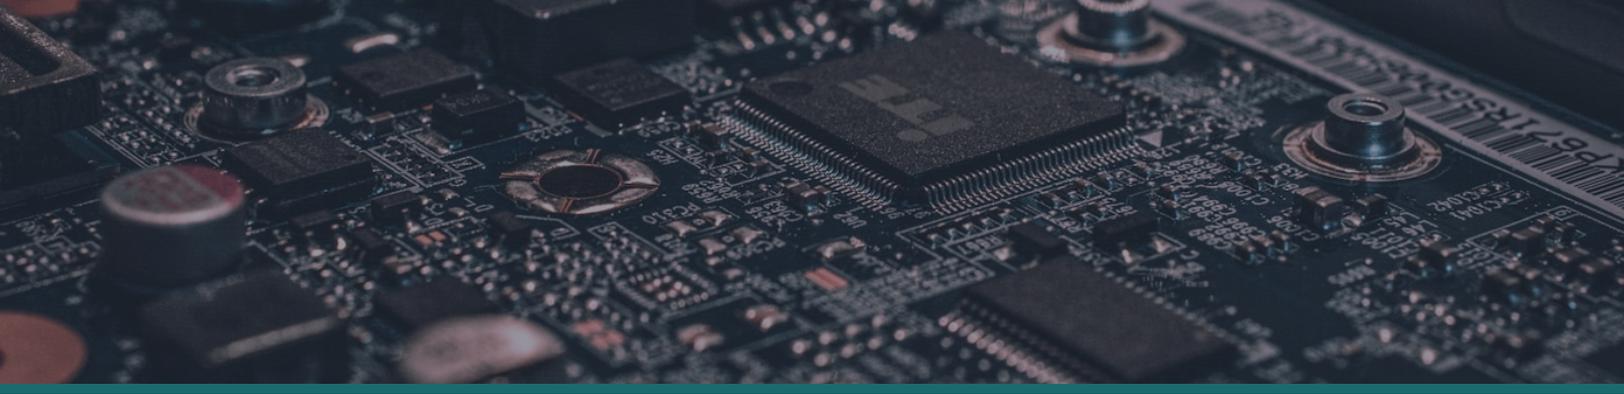

Investment in commercial drone technologies for delivery, surveillance, agriculture, and industrial applications.

ENERGY INDUSTRY

Oil and gas, renewable energy, hybrid power systems, advanced storage, and sustainable energy infrastructure.

MINING

Sustainable mining operations including precious metals, strategic commodities, and critical resource exploration.

Our Investments

Continued portfolio of strategic ventures and investment consultation sectors.

INSURANCE

Strategic insurance sector investments and consultation services supporting risk management and financial protection.

HEALTHCARE

Healthcare-focused investments in advanced diagnostics, therapeutics, psychedelic research, and intelligent treatment models.

OIL & GAS

Traditional energy investments in oil and gas exploration, production, and distribution with sustainable practices.

SECURITY & DEFENCE

Strategic security solutions, operational readiness, and advanced defence-related capabilities including AI-driven systems.

MODULAR HOMES

Innovative modular and prefabricated housing solutions supporting affordable and scalable residential development.

MILITARY HOUSING

Specialized housing solutions for military communities, combining quality construction with strategic development.

AEROSPACE

Core strategic sector forming part of the firm's long-term investment and growth strategy in space and aviation.

FAMILY OFFICE

SERIES B+

MULTI-SECTOR
